PROFILE:

Frontend Developer with 1+ years of hands-on experience building responsive web applications, dashboards, and eCommerce platforms using NEXT.js and modern frontend technologies. Experienced in developing scalable UI components, multilingual applications, dashboard systems, and collaborating in production-level development teams.

EXPERIENCE:

FRONTEND DEVELOPER | 2025-PRESENT

Devloops Software | Ekantakuna, Lalitpur

- Developed and maintained responsive frontend interfaces using React.js and Next.js.
- Worked on multiple production-level eCommerce platforms, including RaraMarket and Loopscart.
- Built dashboard interfaces for product management, analytics, and order management workflows.
- Developed reusable UI components following scalable frontend architecture principles.
- Implemented multilingual (i18n) support across web applications.
- Collaborated with backend developers and designers to deliver responsive, user-friendly interfaces.
- Used Git and GitHub for version control and team collaboration.
- Currently developing a CRM analytics dashboard module for a Thailand-based project.
